

ICON

HYDESIGN

PERFECT FUSION

ICON HYDESIGN

“ **ICON HYDESIGN** is the perfect combination of design and user-friendliness: its **one-piece worktop**, H2 hygienic compartments and the seamless instrument panel make it extremely easy to clean. Customisable in terms of colour and size with a choice of depths of 70 or 90 cm. ”

HYGIENIC DESIGN CERTIFIED.

ICON HYDESIGN has a hygienic design certified by the independent external body CSQA: thanks to design and construction features such as sloping surfaces and press-formed wells, easy cleaning, proper sanitisation and limited use of detergents are guaranteed.

ONE-PIECE WORKTOP.

The one-piece worktop has no size limits and is made without joints or cracks, with a unique, scratch-resistant surface finish that retains its beauty over time. Moreover, the one-piece worktop reduces non-routine cleaning time, providing a real and immediate economic benefit.

MAXIMUM HYGIENE FOREVER.

Choose maximum hygiene for your kitchen. Choose ICON HYDESIGN, the robust kitchen with a seamless worktop and instrument panel, as well as H2 hygienic compartments that are easy to clean because they have a joined bottom, back and sides with rounded edges.

CAN BE CUSTOMISED AS YOU WISH.

Choose the colour that best suits your premises and customise the instrument panel and doors to give the right touch of style. You can also choose between a worktop depth of 70 or 90 cm, the type of aesthetic side terminals, traditional or H2 compartments, and standard or single instrument panel. Our consultants are available to design your dream kitchen.

MADE IN ITALY QUALITY.

ICON HYDESIGN also stands for quality and durability, a hallmark of Angelo Po. The structure is made of AISI 304 stainless steel and the one-piece worktop can be up to 3 mm thick: a robust and durable solution designed for those who do not settle for less. Performance and culinary perfection are guaranteed for small and large productions.
