PRODOTTI DETERGENTI PER FORNI  
APO.CLEAN CLEANING TABLET WITH RINSE-AID ACTION - 1 PACK OF 120 55g TABLETS FOR ACT.O OVENS

### Functional features

- Powder tablet designed to be dissolved in the wash cycle, achieving, thanks to the new composition of active ingredients, a powerful cleaning and rinse action in the oven chamber of Angelo Po professional ovens with an automatic cleaning system. It performs a powerful degreasing and decarbonizing action, removing cooking residues and leaving the oven chamber sparkling and streak-free.
- DIRECTIONS FOR USE: Remove the tablet from the sachet and insert it into the oven's dosing filter; select the available washing programs. Used in combination with the APO.SHINE TABS product for the descaling cycle.
- COMPATIBILITY OF THE PREPARATION: the preparation is made and tested for maximum compatibility with the construction materials in Angelo Po ovens; do not use for purposes other than those intended. Do not replace the product with other detergents.
- HANDLING AND STORAGE PRECAUTIONS: Store in original packaging away from extreme temperatures and direct light. Storage temperature may affect shelf life. Consult the safety data sheet.
- USABLE: on ACT.O ovens (AT... models).
- The package includes: 120 55g tablets.
- The indications given have been established for general use conditions. In conditions that deviate from the norm, for example due to the particular hardness of the water, the working method or cleaning problems, we suggest consulting our technical service.
- The chemical-physical data indicated represent typical characteristics of the product deriving from the analyzes to which it is subjected. These values ??do not constitute specifications.
