

ICE MAKER - HOLLOW CUBES KG 22/24H

Front, top and sides in stainless steel, inside in antimicrobial thermoformed plastic. Cube dimensions: mm 35x29x36h, 20 grm Container capacity: 6 kg Refrigerant type: R134a. Water cooled. Built-in washing system and double-defrost system (water and hot gas).

Cooling	Water	Ice typology	Hollow Cube 21 gr.
Load (Kg)	6	Refrigerant charge, kg	0,15
Refrigerant gas	R134		

Constructional features

- Cube production by spray nozzle system
- All ice cube maker models are protected against bacteria using AGION, a compound containing powdered silver. All plastics in contact with water contain AGION, sharply reducing bacteria and algae formation.
- Recessed switch: prevents accidental shutdown.
- The ice maker is built in accordance with the WRAS regulations.

Technical Data

Working voltage	230V 1N~ / 50Hz	Net Weight	28 kg
Gross Weight	33 kg	Electric Power	0,2 kW
Dimensions	33,4x45,7x59,7 cm	Packing	40x53x69 cm
